PANIC IN BIG TEEMENT- HOUSE FIRE.

Frightened Tenants
Throw Out Their
Household Goods at
Sight of Blaze.

FIREMAN CUT BY GLASS.

Blaze Originated in Room
Behind Store of Welsbach
Gas Light Company and
Did \$6,000 Damage.

A fire that threatened the whole neighborhood started this afternoon on the ground floor of the five-story store and factory building extending from Nos. 792 to 798 Tenth avenue. Two hundred young women employed in the factory of the Nichols Rubber Tubing Company were thrown into panic, but all succeeded in getting down the fire-escapes without injury.

Tenants in the six-story tenement at Nos. 453 and 455 West Fifty-third street, right around the corner from the fire, threw their belongings to the street from the windows.

Three Alarms Turned In.

The fire was discovered in the rear room of the store of the Welsbach Gas-Burner Company, at No. 796 Tenth avenue. Policemen Walsh turned in an alarm. When Battalion Chief Farrell arrived he saw that the blaze was a grave one and turned in two other alarms.

An immense crowd gathered and a call was sent for the reserves from the West-Forty-seventh Street Station. One man responded. Then bells were sent to the West Thirty-seventh Street and West Sixty-eighth Street Stations, and enough policemen were secured to form a fire line.

The bars of the Metropolitan Street Railway Company for the Tenth avenue division are directly across the street from the scene of the fire. Sparks from the burning building fell on the roof of the bars, starting several small blazes. It became necessary to wet down the street railway buildings.

Fireman Is Injured.

Fireman John Edwards, of Engine No. 54, was the only person injured. Glass from a window fell upon him, cutting his arm. Other firemen were momentarily overcome by the thick pungent smoke from the rubber tube factory. Coroner Scholer drove up at break-neck speed while the fire was at its height and appeared to be sick because there was nothing for him to do. The flames made their way from the Welsbach plant to the tea and coffee store of Daniel Kelly, at 798. His stock was ruined. Although the firemen fought the blaze for nearly an hour before it was under control, the total damage did not amount to more than \$6,000.

GIRL AND BOY SAVE THREE AT A FIRE.

The Stevens children, in Hoe avenue, Tremont, caused great excitement today. They set fire to the house, but were rescued at the risk of the lives of their rescuers. Mrs. Stevens, who was in Harlem shopping, faintly away when she got back, small boy picking grapes in the Stevens grape arbor fell and broke his leg.

William Stevens, the father, is a carpenter and the children are five: Harold, aged ten; Ralph, seven; Eddie, four; Chester, two and baby Gertrude, five months. The home at No. 1294 Hoe street, was a two-story frame building. At noon Harold and Ralph were in the attic playing. The three younger children were in the dining-room. Eddie was having fun with matches.

Eddie lighted a match at once and set the window curtain afire. Smoke and flame poured from the open window and were seen by the boy and girl named Lillie Conman, whose parents live at No. 1290, half a block away. Lillie knew the fire was bad and ran to her rescue. She saw little Eddie rubbing the smoke out of his eyes, screaming for help. She entered the house, and throwing her apron over her head, dashed into the burning room.

She picked up baby Gertrude and called Chester to follow her. The little fellow attempted but was choked by the smoke and fell to the floor. Upon reaching the front porch the girl laid the baby down and ran back for Chester. She was followed by a crowd of firemen. A lad of fourteen, who had tried to get her to let him alone, said excitedly, "Come in with me," she said, excitedly, and together they disappeared in the house.

The place by this time was enveloped in flames. Up at the attic window the boys were shouting. Ralph, crazed with fright.

When Lillie and Robert reappeared, they carried little Chester and Eddie. All were partially overcome. Mrs. Conman, who had sent in a alarm of fire, ran for assistance and got Policemen Garvan and Hogan, of the Tremont Station. They climbed into the rear windows and rescued the other boys.

Before the fire was extinguished it had spread to the residence of E. R. Bowman, of No. 1296 and did serious damage. The Stevens house was almost completely demolished. The firemen were just leaving when Mrs. Stevens heard her arms filled with school supplies for her boys. When she learned they were all safe she collapsed. The boy who fell from the grape arbor was Abraham Miniz, of One Hundred and Sixty-seventh street and Intervale avenue.

SHEEPSHEAD BAY RACE TRACK.
Sept. 6.—The fine features in the Flat-
bush and Century Stakes were the at-
tractions at Sheepshead Bay this after-
noon.

The Flatbush is generally termed the aftermath of the Futurity, for the reason that in this stake the winner of the big race usually meets the colts he has beaten in the big stake. This was not the case today, however, for Savable was not eligible and could not make his appearance. There was a grand field, nevertheless, and a great race was promised.

In the Century, which is a weight for age race, with a guaranteed value of \$15,000, Major Daingerfield, the best three-year-old that has shown so far this year, was scheduled to make his reappearance. He was to meet Bonni-
bert and other good horses. Major Daingerfield went off at the Brighton meeting, but has since been working well and has fully recovered.

These two stellar attractions brought out the biggest attendance of the week, barring Labor Day, and it is doubtful if the figures were very far removed. The weather was charming, the east wind of the morning, which threatened rain, gave place to a fresh southerly breeze and was delightfully refreshing.

The track was in superb condition. In the first race, a steeplechase, Furlough II, fell at the take-off and broke his neck, dying instantly. Murphy, who rode the horse, is said to have received internal injuries.
